

Rail Maintenance and GATX Offices

- Rail North America (Rail NA) data is limited to 8 fixed facilities and one Field Service location. Rail International data is limited to 2 fixed facilities.
- Percent consumed from the grid is the total electrical usage divided by total energy usage.
- Energy usage for several GATX offices is based on a pro-rata share of building usage.
- 2020 energy data includes additional GATX offices that were not included in previous year data.
